IN RE: Senate Resolution with Regard to Antisemitism at UVM

Having read and discussed the resolution before the Senate both condemning President Garimella's initial response to allegations of antisemitism on campus and his disingenuous response to the UVM community upon the completion of the OCR investigation, the Executive Council of United Academics voted unanimously at its meeting of May 2, 2023, to strongly support the resolution and the remedies it calls for. In your discussion of the resolution, please include a formal acknowledgement of the position of UVM's faculty union in this regard.

I have also included with this statement a copy of the letter I wrote on behalf of UA that was published in *The Digger* shortly after President Garimella's initial statement. I would like to request that our union's initial response also be made a matter of record in your deliberations.
